

Fantastic Flubber!

To make your own Fantastic Flubber take some water, glue, borax, and food colouring . Mix the glue, water, and food colouring in one bowl. In a separate bowl, mix hot water and borax. when you mix the two together, a magical thing happens ..it turns into a fantastic stretchy substance that your children will love to play with !!

Here's the recipe!

Flubber Recipe

4 cups of water

1 cup PVA glue

Food colouring

1/2 cup warm water

2 tsp Borax
