

Snow Dough

To make this you will need the following-

- 1 cup of Baking Soda
- 1/2 cup of Cornflour
- 3/4 cup of water
- A drop of peppermint extract
- Iridescent glitter.

The directions go like this.....

In a saucepan over a medium heat, combine the baking soda, cornflour and peppermint extract.

Stir until a soft dough forms. Allow to cool. Sprinkle glitter over the dough and knead to combine. Snow dough can be stored in an air tight container.
