

# Five Garden Snails

Five garden snails sleeping in the sun,  
along comes a big bird and scares away one.

Four garden snails sleeping in the sun,  
along comes a big bird and scares away one.

Three garden snails sleeping in the sun,  
along comes a big bird and scares away one.

Two garden snails sleeping in the sun,  
along comes a big bird and scares away one.

One garden snail sleeping in the sun,  
along comes a big bird and scares away one.

## Wildlife adventure!

On your daily exercise, look out for different creatures, both big and small! See if you can find bugs or minibeasts on the ground and in the trees.

You can also look in your garden or when you are out and about to see the different types of birds you can find.

You can try and remember the different species, colours and sizes of the birds, plus you can go one stage further by making a chart to record what you have seen!

If it is quiet and you have a moment to stop, listen to the birds to see the different sounds that they make too!

## Create your own animals for your story!

Using recyclable materials in your house, such as toilet roll tubes, kitchen roll tubes, egg boxes and cardboard boxes, or you can use some of the resources from your craft pack to create your own snails!

Use different colours to make your snails stand out! You could extend this by making the bird that comes to scare the snails away too!

You can decide the size of the bird and what colour it could be, and then you could re-enact the story by getting your bird to scare away the snails, one at a time!
