Crafts at Home

During Pete's time in the cave, Pete spent his time doing crafts with his mum. What things did you do during your time at home? Draw some pictures or ask your grownups to help you make a photograph collage of all of your activities to show us at nursery. Did you make some things with your craft pack from nursery?

Can you make a cake?

Ask your grownups to help you to make Teddybear cupcakes. You can find a simple recipe on BBC Good Food or YouTube.

After you have had fun making the cakes decorate them with bear faces using icing, raisins, chocolate buttons, smarties or anything else you fancy. Then enjoy eating them!

Create a storm

In the story Pete's mum tells him that his Nan and Gramp must stay at home because of the big swirling storm. Think about the sounds you can hear in a storm. Look around your house and collect objects to make your own swirling storm...bags to rustle, pans to bang with wooden spoons, cereal boxes to shake, etc.

Can you start with quiet sounds and get louder and louder as the storm builds then quiet again as the storm fades away.

Crash....Bang.....Who!
