Nursery School Admission Guidance

Admission to Community and Voluntary Controlled Nursery Schools and Nursery Units

The LA has adopted principles in relation to the admission of children into Community, Voluntary Aided and Controlled nursery schools and units. For Roman Catholic and Church of England Voluntary Aided Schools the admission of children is a matter for the school governors. Aided Schools follow the LA's criteria for admission, however, each is unique in the community it serves. It is ultimately the decision of the school governors to decide on the specific criteria for their school.

Places are allocated according to the criteria listed below:

1.Children In Need

The Children Act 1989 defines a child 'in need' as:

- a) He/she is unlikely to achieve or maintain, or to have the opportunity of achieving or maintaining, a reasonable standard of health or development without the provision of services by the Local Authority under Part 3 of the Act.
- b) His/her health or development is likely to be significantly impaired, or further impaired, without the provision for him/her of such services.
- c) He/she is disabled.

In addition, Durham County Council has determined that children of families where English is not the main language of the family will be considered under this criterion.

A maximum of two part-time nursery places are retained until the end of the Autumn half term in order to accommodate emergency referrals of children "in need" as defined in the requirements of the Children Act, 1989.

2. Children Transferring from One Nursery Setting to Another

Once a child has begun attending a particular nursery school/unit, it is usually in the child's best interest to remain at that nursery school/unit until transfer to the next phase of their education. However, where parents move house, for example, it may be impractical to remain at the same setting.

There may also be other exceptional reasons as to why a transfer from one Maintained Nursery School or Unit to another would be appropriate, but this would be rare and subject to the agreement of the school following guidance from the Local Authority. Where possible nursery schools/units will aim to provide for children who have already started Early Years Provision.

3. Allocation of 2-Year-Old Places

Two year old children may get funded early learning/childcare if:

1. The family receives some additional forms of support
2. Parents are working and meet the eligibility criteria

Parents must complete an eligibility check and the details shared with the maintained nursery School or Unit. A validation check will then be carried out on the eligibility code and details provided by the parent on the application form.

Children who are eligible are admitted the term after their second birthday.

The offer of a place will be prioritised according to date of birth. Where applicants have the same date of birth, priority will be given to the earliest date of application.

School will ensure there are places available for both funded 15 hour children and also 30 hour places for children of working parents who meet the criteria. The number of places will vary according to school capacity and demand.

4. Allocation of 3-Year-Old Places

Where a child has accessed the free entitlement for 2 year olds in a maintained nursery school or unit, for a minimum of 15 hours per week, they shall receive priority for admission to that maintained nursery school or unit in order to preserve continuity, providing that they also live within County Durham's administrative area.

If a child has not accessed the free entitlement for 2-year-olds, they shall be placed on a waiting list that will offer places based on date of birth. Where applicants have the same date of birth, priority will be given to the earliest date of application.

5. Allocation of 30 hours free early education per week, term time

This is for 2, 3 & 4 year olds from working families that meet the eligibility criteria.

The maintained nursery school or unit will undertake a validation check on the eligibility code and details provided by the parent on the application form. On confirmation the code is valid the following criteria will be applied to all applicants:

If there are more places available than applications, all children will be offered a place. Subsequent applicants will be offered places until the provision is full. Once all places have been allocated, further applications will be included on a waiting list and places will be allocated in accordance with the 30 hours oversubscription criteria.

If there are more applications than places the 30 hours oversubscription criteria will be applied as follows.

30 hour places are delivered over 5 days per week (8.45-2.45). If parents choose to take less than 5 days per week, these places are allocated if there is space and capacity on a "first come, first served" basis after the 5 day places have been allocated and accepted.

6. 30 hours oversubscription criteria

Places will be allocated on a "first come, first served" basis on receipt of a verified code.

7. Children Living in Other Authorities

Although there are no catchment areas for places, preference will be given to children whose parents live within County Durham's administrative area. Only when all children living within the boundary of County Durham have been allocated a place, may a child living in a neighbouring area be offered a place.
